Policy Title: A 1 – What is LCC East District

Date of Approval:

1. WHAT IS LCC EAST DISTRICT?

1.1 *LCC East District is a division of Lutheran Church–Canada (LCC).*

- The geographic area of the East District includes all of Southern Ontario stretching in a northward band through Timmins and all provinces and territories eastward. The East District has a total of 98 congregations and mission stations in Ontario, Quebec, New Brunswick, and Nova Scotia.
- The District is divided into 9 circuits. The role of the circuits is to strengthen the spirit of unity, fellowship and cooperation among its member congregations. Circuits meet in forum at least twice a year.

1.2 *History of the East District.*

- The Canada District of Lutheran Church–Missouri Synod (LCMS) came into being in Elmira, Ontario in 1879. In 1922, the Canada District changed its name to the Ontario District of LCMS. On January 1, 1989, the Ontario District became a district of the newly autonomous Lutheran Church–Canada. In 1990 its name was changed to Lutheran Church–Canada, East District to reflect the District's outreach into Quebec and the Maritimes.

Policy Title:	A 2 – What is Lutheran Church–Canada?
Date of Approval:	

2. WHAT IS LUTHERAN CHURCH–CANADA?

2.1 *Definition*

Lutheran Church–Canada is comprised of congregations, pastors, and deacons committed to sharing the Gospel of Jesus Christ. Our confessions and practices are based on the foundation of God's Word and the belief that God's gift of salvation is found only through faith in Jesus Christ, God's only Son. In more than 325 congregations, from British Columbia to Nova Scotia, this message is proclaimed in word and deed.

2.2 *History*

The Lutheran church is a direct result of the Protestant Reformation begun in 1517 by Martin Luther in Wittenberg, Germany. Lutheran Church–Canada was founded in 1988 when the Canadian congregations of St. Louis-based **The Lutheran Church–Missouri Synod** formed an autonomous Canadian church with three districts. The **Alberta-British Columbia District** offices are in Edmonton, Alberta, the **Central District** in Regina, Saskatchewan and the **East District** in Kitchener, Ontario. The denomination retains close ties with the LCMS and other Lutheran church bodies around the world which follow the Biblically-based Lutheran Confessions.

2.3 *Worship*

Our worship services draw upon the rich traditions of the early church, which provide a framework within which our members can receive God's blessings as His Word is preached and the Lord's Supper celebrated. While many of our congregations share the heritage of music passed down through the centuries, others have chosen to include newer expressions of the timeless truths of God's love.

2.4 *Missions*

Many Lutheran congregations were initially established in Canada to minister to immigrants from Europe. This tradition continues with multi-lingual congregations being established across Canada to reach out to new Canadians. Outside Canada, Lutheran Church–Canada missionaries can be found in Ukraine, Nicaragua, and Venezuela, and the church actively supports specific missions of sister churches. LCC also works with **Canadian Lutheran World Relief**, which initiates development projects, assists Lutheran congregations to sponsor refugees, and coordinates emergency relief in response to needs around the world.

2.5 *Social Ministry*

Many of our congregations respond to local needs by establishing food banks, English as a Second Language classes, senior housing, and nursing care. Across Canada, the church also works with other Lutheran agencies to provide nursing home care, homes for troubled youths, and chaplaincy programs in provincial and federal correctional institutions.

2.6 *Education*

Creating a strong Christian foundation for our children is a priority for Lutheran Church–Canada. Through Sunday Schools, Vacation Bible Schools, and confirmation classes, young people learn from the Bible how their faith is part of everything they do. In addition, a growing number of congregations are establishing elementary schools where the school curriculum is taught in a caring Christian context. These schools join our church's **Concordia University College of Alberta** in Edmonton, and two seminaries, **Concordia Lutheran Theological Seminary** in St. Catharines, Ontario and **Concordia Lutheran Seminary** in Edmonton, Alberta.

2.7 *Publications*

Lutheran Church–Canada publishes a magazine, **The Canadian Lutheran**, ten times per year. It is designed to inspire, motivate, and inform the members of LCC congregations and the Christian community at large.

2.8 *Auxiliary Organizations*

LCC maintains official partnership with three auxiliary organizations which support the ongoing mission of the church:

- **Lutheran Women's Missionary League-Canada** is an organization dedicated to providing educational resources so women may grow in the knowledge of Jesus Christ, preparing them to help others through service, and providing financial support to church projects in Canada and around the world.
- **Lutheran Laymen's League** assists the church by providing broadcast materials in various languages for use across the country. Its major projects include The Lutheran Hour, a half-hour radio broadcast heard on 70 stations, and seasonal animated television specials.
- **Concordia Lutheran Mission Society** provides financial and educational support to Lutheran Church–Canada's missions both in Canada and overseas.

Policy Title: A 3 – What Lutherans Believe

Date of Approval:

3. WHAT LUTHERANS BELIEVE

Lutherans believe.....

3.1 ... *there is only one God*

- who created everything, controls everything, cares for everything
- who shows us He exists through nature and conscience
- who tells us about Himself in the Bible
- who has revealed Himself as three distinct persons-Father, Son and Holy Spirit
- who is the only True God among the gods of all religions

3.2 ... *there is only one reliable source of information*

- the Bible is unique
- the Bible tells us all we need to know about God
- the Bible tells us human existence is no accident
- the Bible tells us God wants to be with us now and forever
- the Bible tells us that to live with God forever we need to be perfect, sinless

3.3 ... *there is only one true faith*

- life with God is only possible by His grace because no one is perfect
- Jesus Christ is true God and true man,
- who lived a perfect life for us
- who suffered and died on the cross for us
- who rose from the dead and provided the only way for us to have life with God forever

3.4 *all who admit their sinfulness and believe in Jesus as their one and only Saviour are counted holy in God's eyes and receive eternal life*

3.5 *therefore, we want to lead a God-pleasing life*

*"God so loved the world, that He gave His only Son,
that whoever believes in Him should not perish,
but have eternal life."
-- John 3:16 (ESV)*

3.6 ***The basis of all Lutheran teachings is the Bible.***

Martin Luther and the other reformers wrote a series of documents answering accusations that their teaching was contrary to commonly held beliefs and practices of the 15th century church. These defenses and arguments, based upon the Bible were presented before a series of theological gatherings. Eventually, they were compiled into The Book of Concord. These comprise the doctrine and confession of the Lutheran Church.

Policy Title:	B 2 – Confidentiality
Date of Approval:	

2. CONFIDENTIALITY

2.1 Confidentiality Policy for Board of Directors

SEE SECTION C 11

2.2 Confidentiality Policy for Department Members

Purpose:

To define confidentiality procedures for Departments.

Confidentiality is held with the intent of being good stewards of the information with which department members are entrusted.

Procedures:

1. Meetings of the departments are held to be private. Therefore minutes of the department meetings are not available to the public. Minutes of department meetings are available to department members. Because members of departments are under the authority of the Board of Directors and because the Board of Directors has a fiduciary responsibility over the actions of the departments, department minutes and all Department background information, including confidential information must be available to the Board of Directors.

2. The following are specific instances in which confidentiality must be maintained:

- whatever information is protected by legislation, regulations or common law as defined by the courts (i.e. privacy act, corporations act, human rights act).
- issues that are still under discussion.
- matters that hinder the work of the district
- matters that harm the reputation of the district and its members
- matters that the District President, in his ecclesiastical authority, deems as confidential

3. When in doubt as to whether certain information is confidential, members should seek advice from the District President and/or the Chairman of the Board of Directors or the Chairman of the Department before disclosing it to anyone.

4. The obligation to not divulge confidential matters continues even after the term of a member has ended. Confidentiality obligations do not end when a position is no longer held.

5. A Confidentiality Agreement (see B 2.2 Appendix 1) must be signed by each member of the Department. The form for this agreement shall be sent to each department member by the district secretary when they are informed of their appointment, and shall be signed and returned to the secretary before the member attends their first meeting.

Policy Title:	B 3 – Transparency Guidelines
Date of Approval:	

3. TRANSPARENCY GUIDELINES

3.1 Purpose:

To define confidentiality and transparency, to set guidelines for written reporting of information from the Board of Directors and its Departments to the public, and for providing guidelines for discussing District business with the public.

3.2 Definitions:

Confidentiality - the state of being entrusted with the private matters of another.

Transparency - the quality or state of being free from pretense or deceit, of being easily understood; characterized by visibility or accessibility of information.

Secrecy - the quality of keeping something hidden or concealed, often with negative intentions.

The intent is to be faithful in caring for the people of the East District in light of the Eighth Commandment – defending one another, speaking well of one another, and explaining everything in the kindest way. In our context, confidentiality is held with the intent of being good stewards of the information with which board members are entrusted. In this regard there is no intent to keep information hidden or secret.

3.3 Transparency Guidelines:

The goal of these guidelines is to disseminate as much information as possible without breaching confidentiality. This applies to meetings of the Board of Directors and Departments and committees.

The following are to be made public (posted to ED website):

A. Regarding meetings of the Board of Directors

- summary reports of Board of Directors' meetings. The summary will be prepared by the secretary and approved by executive committee and/or chairman. The summary should be posted within month of the board meeting. The content shall be prepared in consideration of the privacy policy and the confidentiality guidelines.
- listing of convention resolutions, who is responsible for each resolution, and any progress or activity regarding fulfillment of the resolution.
- each year's approved budget in as much detail as possible within one month of its approval.

B. Regarding meetings of the departments and committees

- A summary of all department and committee actions. This summary is the responsibility of the Department Chair and Secretary and is to be submitted to the Board of Director's Executive Committee and the Department Liaison. The summary should be

made public at each circuit forum by the circuit representative. The summary should also be posted on the District web site in June and November of each year.

The goals of these procedures are:

1. To provide the District President ecclesiastical oversight regarding the publishing of information on the work of the departments
2. To provide the Department Liaison an opportunity to affirm the accuracy of the report.
3. To provide the Board of Directors knowledge, allowing it to be accountable for public information.
4. To provide the Circuit Representatives on each Department the means to be accountable to the circuits they represent.

C. Guidelines for elected officers and those appointed to positions within the district, to be considered when asked questions about district matters.

No response should be given regarding:

- whatever information is protected by legislation, regulations or common law as defined by the courts (i.e. privacy act, corporations act, human rights act)
- personality issues or actions or statements of individuals
- issues that are still under discussion

In general, the chairman speaks for the Board or Department or Committee. However, when members are asked questions in circuit meetings or in their congregations they should feel free to give answers which relay the actions that the board has taken and which flesh out the statements given in the meeting summaries posted on the district website. When the individual is pressed for more information the inquirer should be referred to the chairman or the district president. Once an issue is settled whether by vote or by consensus, all members must speak with one voice on the issue.

The Chair is responsible for:

- setting the date for the meetings (in consultation with the department)

See existing policy (Appendix A)

Policy Section:	B - General Policies
Policy Title:	B 8 –Conflict of Interest
Date of Approval:	

8. CONFLICT OF INTEREST

2.1 *Conflict of Interest Policy Statement*

Staff and volunteers of the District are expected to conduct themselves with personal integrity, ethics, honesty and diligence in performing their duties for the organization. Staff and volunteers are required to support and advance the interests of the organization and avoid placing themselves in situations where their personal interests actually or potentially conflict with the interests of the District.

2.2 *Application*

This policy applies to all staff and volunteers. The standards outlined in this policy are particularly relevant to staff and volunteers who are in a position to make or influence decisions of the organization.

2.3 *Definition*

A conflict of interest refers to a situation in which private interests or personal considerations may affect a staff or volunteer's judgement in acting in the best interest of the District. It includes using a staff or volunteer position, confidential information or corporate time, material or facilities for private gain or advancement or the expectation of private gain or advancement. A conflict may occur when an interest benefits any member of the staff or volunteer's family, friends or business associates. The rules and examples that follow do not exhaust the possibilities for conflict of interest, but they identify obvious situations covered by the policy.

2.4 *Special Treatment*

Staff and volunteers are not allowed to use their positions to give anyone special treatment that would advance their own interests or that of any member of the staff or volunteer's family, their friends or business associates.

2.5 *Receiving Fees or Gifts*

Staff and volunteers may not accept gifts, money, discounts or favours including a benefit to family members, friends or business associates for doing work that the District pays them to do. The exceptions to this are promotional gifts or those of nominal value e.g., coffee mug, letter opener or the occasional lunch.

2.6 *Using District Property*

Staff and volunteers may not use, or permit the use of, items of District property, facilities, equipment, supplies or other resources for activities not associated with their work. Any exceptions to this must be expressly approved by the District President.

2.7 *Confidential Information*

Staff and volunteers may not disclose confidential or privileged information about the property, or affairs of the organization, or use confidential information to advance personal or others' interests. Staff and volunteers cannot divulge confidential or privileged information about the District's Staff and volunteers without those staff and volunteers' written authorisation.

2.8 *Financial Interest*

Staff and volunteers who knowingly have financial interests in a District contract, sale or other business transaction, or have family members, friends or business associates with such interests, must not represent or advise the organization in such transactions.

2.9 *Board Members*

Board members of the District that deal with issues related to their work at the District should inform the Board when agency issues arise that place them in actual or potential conflict with District policy or procedures. They should declare a conflict of interest and avoid any decision making or discussion where it is deemed to be a conflict of interest.

2.10 *Requirement to Report Conflict of Interest*

If Staff, volunteers or their family members, friends or business associates have a personal or financial interest that might present a conflict or bias in connection with their duties as District Staff and volunteers, they must report this conflict to the District President.

2.11 *Implementation*

The District President or his designate must make the policy available to all staff and volunteers and highlight any of the rules that have particular relevance, given the nature of the their work. Serious consequences may result from the contravention of this policy. Staff and volunteers should check with the District President if they need assistance in interpreting whether a situation they have experienced or are confronting puts them in a conflict of interest situation.

Policy Section:	B - General Policies
Policy Title:	B 11 – Lieu Time Policy
Date of Approval:	April 15, 2015

11. LIEU TIME POLICY

Purpose:

To provide non-monetary compensation for employees for extra hours worked.

There are times when it is necessary for an employee of the East District to work more hours per week than their contract calls for. The following are some examples of when an employee may work extra hours:

1. to prepare the docket for a BOD meeting
2. to prepare for a District Convention
3. to complete a real estate transaction for the East District.

Policy:

“Lieu Time” means to be given time off from your work duties without monetary loss. The employee has worked extra hours over and above what the job calls for. Instead of compensating the employee in a monetary way, the company pays the employee with time off. For example, if an employee works 2 hours more than their contract calls for one week, that employee could work 2 hours less the next week. The weekly pay per week would be the same because the required hours of work balanced out over that 2 week time period.

The minimum amount of Lieu Time is one hour per week.

The maximum amount of Lieu Time is one week per Calendar Year.

Procedure:

The tracking of Lieu Time is to be done cooperatively between the employee and his/her immediate supervisor.

The granting of Lieu Time is at the discretion of the District President and/or the Personnel Committee of the BoD.

Any Lieu Time given shall be reported to the District President and/or the Personnel Committee of the BoD.

Policy Title:	B 12 – Paperless Dockets
Date of Approval:	February 8, 2016

PAPERLESS DOCKETS

Purpose: To reduce the amount of paper used

Policy: All meetings will use paperless dockets according to the following procedure.

Procedure:

- 1) All dockets for Board, Department and Committee meetings will be sent to members electronically.
 - 2) Paper dockets will only be provided if specifically requested by a member.
 - 3) When possible, reports to be included on the docket should be submitted to the Administrative Secretary in Word or pdf format. Scanned versions should be avoided if possible.
 - 4) Any reports prepared after the docket deadline should be e-mailed to the Administrative Secretary for transmittal to members. These reports should be kept to a minimum.
 - 5) Exceptions to this policy:
Items of a highly confidential nature should not be distributed electronically but should be distributed at the meeting.
-

Policy Section:	B - General Policies
Policy Title:	B 13 – Guidelines for Secretaries
Date of Approval:	February 8, 2016

GUIDELINES FOR SECRETARIES

Purpose: To provide uniform guidelines for secretaries of the Board, Departments or committees.

Policy: A main role of the secretary is to take minutes of meetings in order to provide a record of the proceedings. The Secretary may also be required to handle various items of correspondence. In the case of the Board Secretary, the Secretary is also required to prepare the official convention Proceedings after a District Convention. These guidelines should be used whether the meeting is face to face or by conference call.

Procedures:

1) Content of minutes

Minutes should contain a record of actions taken. This will include:

- (i) Motions - clearly show the topic of discussion and the intended action and whether the motion was approved, defeated, deferred, tabled or any other action taken. While motions in general need to be moved and seconded (unless they are motions recommended by a department or committee) the names of the mover and seconder need not be recorded.
- (ii) Decisions taken by consensus without an actual motion.
- (iii) A summary of discussions if it is necessary to clarify an action taken or if the discussion may impact items pending for future approval. Where items are approved for action, the minutes should record who is expected or assigned to carry out the action.

It is helpful to summarize at the end of the minutes all action items and the name of the person or persons responsible for carrying out the action. This allows for tracking of actions for follow up.

It is neither necessary nor desirable to try and record the content of all discussions as the results are likely to be somewhat biased. It is however, important to record the outcome of the discussions.

In general, the minutes should have sufficient detail so that a person not at the meeting can understand the sense of what is recorded, and so that members of the board, department or committee have enough information to understand what was agreed to at the meeting.

2) Circulation of minutes

Until approved at a subsequent meeting, the minutes should be labelled DRAFT and assigned a number so that if corrections are made and a new DRAFT produced, they can be differentiated.

Draft minutes, so marked, should be circulated by e-mail to the Board, department or committee members, as well as any staff members it has been agreed should be part of the circulation. The District Administrative Secretary should also receive a copy, so that they can be forwarded to the Board of Directors at the appropriate time.

Minutes should be prepared and circulated as soon after the meeting as is possible, but not later than one month after the meeting.

Draft minutes are presented at the next meeting for approval by the members. The minutes of this next meeting should record any amendments that were made to the draft minutes. A final copy, including amendments if any, should be produced and marked APPROVED. This approved copy should be signed by the chair and secretary and a copy given to the District Administrative Secretary for filing. If there are amendments to the draft version, copies should be provided to the members as well.

It is helpful to have the pages numbered (i.e. page 3 of 5) with a footer on each page where the chair and the secretary sign to indicate the validity of the minutes.

3) Publication of Minutes

Minutes of boards, departments and committees are deemed to be private.

In the case of the Board meetings, a summary of the minutes of the Board meeting is produced by the secretary, circulated to the executive committee for approval, and then posted on the web site. This summary does not contain confidential material and items that are still under consideration.

In the case of departments and committees, a summary of all department and committee actions is to be prepared by the secretary in consultation with the Department Chair and is to be submitted to the Board of Director's Executive Committee and the Department Liaison. The summary should be made public at each circuit forum by the circuit representative. The summary should also be posted on the District web site in June and November of each year. (See B3 Transparency Guidelines 3.3 B)

4) E-Mail Votes

On occasion it may be necessary to deal with an item by e-mail vote. In these circumstances the chair should clearly indicate what the motion under consideration is. The secretary should be provided with the results of the vote and should then prepare a report for the next meeting which includes the nature of the business conducted by e-mail, the motion adopted, verification that a majority approved it and a motion for the Board/Department/committee ratifying the action taken by e-mail vote. This motion should be recorded in the minutes of the meeting.

E-mail votes should only be used when a regular meeting or conference call meeting cannot be organized and when the item is non-controversial. Since this is not a recognized form of meeting it is essential that the action taken is ratified at the next meeting.

5) Correspondence

Any motions adopted by a Board/Department/Committee should be communicated in writing to the affected party. This should normally be done by the secretary unless someone else is designated at the meeting to do this. A copy of this correspondence should be retained for the records.

6) Other suggestions

If reports are presented at the meeting (not circulated ahead of time), the secretary should ensure that a copy of these reports is given to the Administrative Secretary for filing with the file copy of the docket.

If recommendations in a report are extremely lengthy, it is appropriate to indicate by motion that the report was approved and then have the report attached to the minutes. It is important to ensure that the text of the recommendations is included in the minutes, either by recording it in the motion, or by referring to a report that is attached to the minutes.

Policy Section:	C - Board of Directors
Policy Title:	C 13 – Christian, Fiduciary and Legal Duties and Responsibilities of Directors and Officers
Date of Approval:	February 1, 2015

13. CHRISTIAN, FIDUCIARY AND LEGAL DUTIES AND RESPONSIBILITIES OF DIRECTORS AND OFFICERS

13.1 Purpose:

To outline the general Christian, fiduciary and legal responsibilities of Directors and Officers of the corporation.

13.2 Policy:

The duties and responsibilities of you who serve on the Board of Directors and as Officers of the East District of Lutheran Church-Canada are outlined in the East District Handbook (paragraphs 28-30 and 40-45 of Bylaw 2014 and sections III and IV of Regulations 2014). It is your duty to be familiar with these duties and responsibilities.

As Lutheran Christians, you also have a responsibility to carry out those duties and responsibilities in a God-pleasing way. Forefront in your actions as representatives of the East District and in the decisions you take should be the desire to minister to people with care, to encourage the members of our congregations to be nurtured in their faith through God’s Word and the Sacraments, and to join in the sustaining of one another and of others through the *“mutual conversation and consolation of the brethren.”* (Martin Luther). Our gracious God gives to each of us as individuals various gifts to meet diverse needs: *“To each is given the manifestation of the Spirit for the common good.”* (I Corinthians 12:7). In giving us also an example to follow, on the night in which He was betrayed and prior to going to die on the cross for our sins, our Lord Jesus girded Himself with towel and took a basin of water to wash the feet of His disciples, saying to them: *“A new commandment I give unto you that you love one another, even as I have loved you.”* (John 13:34).

Keeping the above in mind, you are also enjoined to comply and adhere to the following fiduciary and legal responsibilities as laid down in civil law:

Boards of Directors exist to oversee all aspects of an organization’s operations with the intention of maximizing the value of the corporation or its goals. Directors and Officers are required to exercise at least the level of care, diligence and skill that a reasonably prudent person would exercise while acting honestly in good faith and in the best interests of the corporation. In carrying out these goals, Directors and Officers must legally maintain the ideals of:

Obedience - to the terms of the organization’s Bylaws and Constitution, as well as the applicable statutes

- Loyalty - to the best interests of the corporation and its members
- Diligence - to act with the care that a reasonable and prudent person in similar circumstances would exercise when in a similar situation.

In addition, the Business Judgement Rule requires that Directors and Officers act on an informed basis, in good faith and in the best interests of the organization. The breach, or alleged breach, of any of these principles, if it leads to financial loss for any of the stakeholders, could be grounds for an action for damages. Liability can rest with an individual board member, or the entire board, as a consequence of a Director's action or inaction.

Directors of charitable corporations are subject to a fiduciary duty to act as a quasi-trustee of the charitable assets of the corporation. This fiduciary duty is an obligation to act honestly, in good faith and in the best interests of the corporation which precludes the director from acting in a self-serving manner. They must avoid and declare any conflicts of interest, or anything that would give a director the appearance of a personal benefit.

Exercising due diligence includes, but is not limited to, attending board meetings, supervising operations, monitoring compliance with corporate objects, and ensuring board resolutions are adopted by informed decisions of the directors.

Federal and Provincial statutes impose specific offenses and penalties for acts and omissions committed by directors and de facto directors of corporations. Directors and Officers are required to comply with the Canada Not-For-Profit Corporations Act and its regulations.

While holiness of life and obedience to Christ are expected of Directors and Officers, it is especially important that you show yourselves, by word and example, to be faithful to Him in service and Christian devotion. You are expected to carry out your duties, trusting in the Lord, and conforming yourselves to His Word in accordance with the faith of the Evangelical Lutheran Church.

13.3 Procedures:

This policy shall be provided to all new Officers and Directors and shall be reviewed with them as part of the first meeting of a new Board of Directors.

Such loans are available to congregations in amounts not to exceed \$80,000.00⁹ and are limited to carrying out improvements and repairs. The loan may be for a term of up to seven years with payments to be negotiated to best serve the needs of the congregation. Interest shall be at the prevailing rate and the loan shall be secured by a 7-year⁹ promissory note.

2.06 SUPPORT INVESTMENT INCENTIVE PLAN⁴

This is a rebate program. It is intended as an incentive to congregations to place deposits in the CEF since this plan makes possible a reduction in the congregation's annual interest paid on their loan, based on their congregation's level of deposits in the CEF by itself or its members. It should be noted that under no circumstances can the effective interest rate drop below the interest rate on a one (1) year depositor's promissory note.

Rebates are calculated based on the following interest rate reductions:

25% of loan balance maintained in CEF investments provides a reduction of 0.75%
50% of loan balance maintained in CEF investments provides a reduction of 1.50%
75% of loan balance maintained in CEF investments provides a reduction of 2.25%
100% of loan balance maintained in CEF investments provides a reduction of 3.00%

Rebates are calculated monthly and paid by cheques at the end of each calendar year, provided the outstanding loan is not in arrears. Arrears being defined as any amount of principal or interest payments outstanding; the loan would be considered in "arrears."¹¹

NOTE: "Loan Balance" is the sum of all loans outstanding by a congregation.

2.07 OPERATING INCOME SURPLUS DISTRIBUTION⁵

In any year that the CEF has an operating income surplus in excess of \$10,000 and a debt to equity ratio lower than 6.0¹², the surplus, minus any losses since the last distribution, will be distributed as follows:

- 1) The surplus will first be used to cover the East District operating deficit if applicable, up to a maximum of 50% of the deficit incurred during the year the surplus was realized, and to a maximum of \$100,000 in the given year.
- 2) The remaining surplus be distributed as follows:
 - a. 10% to CEF reserves
 - b. 40% to the Department for Outreach
 - c. 50% to all East District Congregations on a sliding scale as follows:
 - i. first 100 communicant members count as 1.0 members each
 - ii. next 100 communicant members count as 0.75 members each

iii. remaining communicant members above 200 counts as 0.5 members each subject to the surplus distribution to congregations being reduced by any unpaid assessments.

2.08 OTHER SUPPORT POLICIES FOR MISSION/SUBSIDIZED CONGREGATIONS⁶

2.08.1 Leased Worship Facilities

Where worship facilities of a congregation which goes off subsidy are owned by the Church Extension Fund and have been leased, a rental agreement is to be negotiated with the congregation for a five-year period with the rent increasing annually to a level equivalent to a mortgage payment. This agreement may be reviewed at any time within the five-year period.

2.08.2 Provision of Parsonage

Where the parsonage of a congregation is owned by the Church Extension Fund and supplied at no cost, a rental agreement is to be negotiated with the congregation, whereby the monthly rent payable to the CEF be at least equal to CEF out-of-pocket expenses (i.e. insurance, property taxes and general maintenance). The intent of the CEF owned parsonage is to provide residence for the pastor and his family where a congregation cannot provide one.

2.09 LOAN APPLICATION FORMS AND APPROVAL PROCEDURES

All loan applicants will be required to fill out the appropriate forms, which are available from the District Office. The completed forms should be submitted to Lutheran Church–Canada, East District Church Extension Fund. The loan applications will be considered by the CEF Committee and recommendations made to the Department for Finance. The Department's recommendations will be forwarded to the East District Board of Directors for final approval.

Once a loan has been approved by the Board of Directors, the Business Manager will send a commitment letter to the congregation, outlining the terms and conditions of the loan, including all conditions required to be met prior to the disbursement of any loan.

3.0 REVIEW OF POLICY AND PROCEDURE MANUAL

The policies and procedures of the CEF shall be reviewed annually by the CEF Committee and any recommended changes brought to the Department for Finance and subsequently to the Board of Director, for their approval.

4.0 CEF ADMINISTRATION BUDGET

An administration budget for operating the fund will be prepared annually by the CEF Committee and recommended to the Department for Finance and subsequently to the Board of Directors for their approval.

5.0 INVESTMENT POLICY

- 5.01 CEF money not immediately required to fund building projects as outlined in the fund Purpose, may be placed with the District's investment manager.
- 5.02 The Business Manager is authorized to place funds with the District's investment manager without need for further approval. The investment manager shall invest these funds in accordance with the investment policies and guidelines of the District (see appendix B). It is anticipated that most of the district funds will be invested in this manner. The Audit Committee of the CEF along with the Business Manager and District Treasurer shall monitor these investments and report at least annually to the Department of Finance (at its budget meeting) on these investments.
- 5.03 CEF Funds may also be invested by the Business Manager directly with LCC-FM, but prior approval for this will be required. Any such request shall be presented to the CEF Committee for appropriate recommendation to the Department for Finance and the Board of Directors. Such requests shall be accompanied by a report outlining current investments with LCC-FM. Investments with LCC-FM shall be for a term no longer than five years. These investments shall be secured by way of a promissory note.

6.0 Stale Accounts Policy

Every effort will be made to contact those investors (Stale Accounts) whose statements were returned to the CEF as undeliverable by the post office. That contact may be in the form of telephone calls to pastors, parish administrators, CEF reps and possible known relatives or other forms of investigation i.e. internet. All contact efforts will be in accordance with PIPEDA. Those investors whose correct addresses can be established will be corrected in the CEF database and new statements reissued.

If, after one (1) year, and after performing due diligence to establish a current address for a CEF Stale Account investor is unsuccessful, the investor's account will remain open and no further statements will be issued to the investor until the correct address becomes known. These investors will be flagged in the database in order to identify them.

If, after five (5) years no contact has been made by the investor to the CEF, the investor's current account information will continue to be maintained. The value of the investment(s) will be transferred into a "Stale Accounts Fund" and the current investment account(s) will be closed. At this point, no further interest will be accrued on these investments.

If, after ten (10) years no contact has been made by the investor, the value of the investment(s) will be transferred from the Stale Accounts Fund to a Restricted Fund for use as seen fit by the CEF Committee and the DfF. At this point the investor's account(s) will be purged from the database at the next year-end procedure.

Notwithstanding the above, should at any time during this period an investor or their estate identify themselves, the funds invested plus interest earned will be returned to the depositor, or their estate, upon request subject to providing satisfactory proof of a right to the funds.

7.0 Authorized Approval Policy for CEF Expenditures⁸

Purpose:

To establish levels at which individuals, committees, departments and boards are authorized to allocate CEF funds for maintenance and repairs on property owned by the CEF

Background

Currently there is no process for approving expenditures for maintenance and repairs on CEF own property. By establishing a ladder of authorization for individuals, committees, departments and boards, to expend CEF funds those constituents can respond and take action with those expenditures in a more expeditious and cost-effective manner.

Policy

Formal request or proposal must be submitted in writing for all CEF expenditures. That writing made be in the form of a fax, email or letter. The request must clearly outline the nature and reason for the expenditure. The request will include quotations or cost estimates from at least two suppliers or vendors when applicable.

Responsibilities

All requests will be submitted to the Business Manager and based on the level of expenditure will either approve or communicate the request to the appropriate level of authorization. Where requests fall into the Business Manager's level of authority, the Business Manager will report those expenditures to the CEF Committee as and when they occur. The Business Manager will execute these procedures in a timely manner and keep the requestor up-to-date with the status of their request. The requestor must provide all pertinent information in the initial request.

Authority

The following are the levels of authority for CEF expenditures for maintenance and repairs:

- Business Manager – up to \$5,000
- CEF Committee – up to \$40,000

LUTHERAN CHURCH-CANADA, EAST DISTRICT CHURCH EXTENSION FUND

INVESTMENT POLICY STATEMENT

SEPTEMBER 2014

The Investment Policy Statement (the “**Investment Policy**” or the “**Policy**”) of the **LUTHERAN CHURCH-CANADA, EAST DISTRICT –CHURCH EXTENSION FUND** (the “**CEF**” or the “**Fund**”), as set forth herein has been recommended by the Department for Finance (the “**Department**” or the “**Dff**”) and was approved by the Board of Directors of Lutheran Church-Canada, East District (the “**Board**” or the “**BoD**”) on September 29, 2014.

OBJECTIVE OF THE INVESTMENT POLICY STATEMENT

The purpose of this Investment Policy is to:

- 1) establish procedures and parameters for making investment decisions,
- 2) identify reporting and review guidelines,
- 3) identify eligible investments and determine appropriate maximum exposure limitations, and
- 4) ensure due diligence is exercised to protect the investments of the CEF and to provide its investment manager with the guidelines to be followed in order to maximize gains and minimize the risk to our invested capital.

This Investment Policy clearly identifies the investment objectives of the CEF and explicitly places limitations on the maximum amount of the various forms of investment risk— primarily credit, market, liquidity, currency and interest rate risk —that are acceptable to the CEF in the pursuit of its stated objectives.

This Investment Policy is not intended to identify the "specific" asset mix of the CEF. Asset mix is often determined by the current characteristics of the securities marketplace and the relative attractiveness of the different investment instruments available in that marketplace at any particular period of time.

CEF investments will be made with the intention of providing a stable income base, without exposing the CEF to an inappropriate level of investment risk. All investments of the Fund should be made with a risk/return trade-off in mind. The most important technique used to reduce the level of risk, without reducing the rate of return earned on the portfolio, is diversification—spreading assets among a number of different types of instruments/securities and issuers whose market performance is less likely to be affected by the behaviour of another issuer’s securities/instruments.

Diversification reduces risk and has positive attributes to overall portfolio yield and liquidity. The investments of the Fund shall be diversified by type of investment, by issuer, by location, and by industry, where appropriate.

RESPONSIBILITIES AND ACCOUNTABILITIES

Although there are no specific restrictions on the assets in which the CEF can invest, the BoD believes it appropriate to utilize the “*Prudent Person Portfolio*” standard. (This standard has been incorporated in the Asset Mix section of this Policy.)

Although it is the responsibility of the DfF to review and approve the Investment Policy at least annually, upon the recommendation of the Investment Committee, the BoD must also approve and recommend the Investment Policy at least once a year to ensure it remains relevant in a constantly changing investment and economic environment.

All investment transactions made by the Fund, or by a designated external Investment Manager(s), must be in accordance with the approved Investment Policy. Limitations on the type, quality and quantity of investment instruments that can be transacted are clearly outlined under the sections ***ELIGIBLE INVESTMENTS*** and ***INVESTMENT PORTFOLIO ASSET MIX***.

PHILOSOPHY AND OBJECTIVES OF THE INVESTMENT PORTFOLIO

1. The investment portfolio should be actively managed using sound investment management techniques in order not to subject the CEF to undue risk of capital loss.
2. The investment portfolio must be a broadly diversified collection of high quality investment securities so that the CEF is not subject to large fluctuations in capital value and investment income.
3. The primary investment objective is to optimize the total risk-adjusted rate of return earned on capital employed while ensuring the adequate security of the CEF’s invested capital.
4. Investments shall take into consideration liquidity factors, such that potential cash flow requirements can be met in an orderly and timely manner.

From a tax perspective, the CEF is indifferent as to the type of income (interest, dividend or capital gains) received due to the tax-exempt nature of the CEF. Excess income not used to fund liability cash flow requirements would normally be reinvested in the Fund.

RETURN OBJECTIVES OF THE INVESTMENT PORTFOLIO

The primary objective of the portfolio is to provide a stable source of income for the CEF and a reasonable investment return of at least 2.00% in excess of the Canadian Consumer Price Index (CPI) on a five year moving average or over a complete market cycle.

Further, the CEF is expected to earn a “spread” of 2.0% over the rate of interest paid to CEF depositors. Cash flow matching of assets (investments) and liabilities (deposits) is monitored and assessed on a regular basis. The degree of mismatch between asset and liability cash flows provides a measure of the interest rate risk. There is opportunity to exercise market timing strategies in investment decisions. Guidelines set out to monitor the cash flow mismatch tolerance parameters acceptable to the BoD include: a comparison of the average term to maturity for the assets and liabilities of the Fund and a comparison of the yield earned on the assets to the rate of interest being paid on the liabilities of the Fund.

The BoD recognizes that the returns earned on the investment portfolio will vary from year to year, reflecting the various economic and market conditions existing at any particular point in time. Nevertheless, due diligence is necessary in order to achieve the long-term investment objectives and to protect the interest and well-being of the Fund.

ELIGIBLE INVESTMENTS

Generally speaking, the investments of the Fund are restricted to Canada, except when an investment is part of a mutual or "pooled" fund, which is primarily Canadian.

Bonds

The Fund may invest in federal or federal guaranteed, provincial or provincial guaranteed, municipal, and corporate bonds, debentures, preferred securities, and/or asset-backed securities and/or other debt securities with a fixed interest coupon rate, subject to the limitations as described under **PORTFOLIO ASSET MIX**.

All bonds must be in Canadian dollar denominated securities.

Federal and Federal Guaranteed bonds and debentures are those debt instruments where the payment of interest and the return of capital are guaranteed by the federal government of the United States or of Canada or an agency of the federal government of Canada.

Provincial and Provincial Guaranteed bonds and debentures are those debt instruments where the payment of interest and the return of capital are guaranteed by a provincial government or an agency of the provincial government of one of the provinces or territories of Canada.

Municipal bonds and debentures are those debt instruments where the payment of interest and the return of capital are guaranteed by a municipal government. The minimum credit rating on any municipal purchase is “A”.

Corporate bonds, debentures, notes, asset-backed securities and/or other debt securities with a fixed interest rate coupon where the payment of interest and the return of capital are guaranteed by a corporation, Canadian or non-Canadian, either through their general creditworthiness or through specific assets pledged to back the bond, debenture, note, or asset-backed security. The minimum credit rating on any new corporate purchases is “BBB”.

Short-Term Investments

The Fund may invest in short-term federal or federal guaranteed, provincial or provincial guaranteed, corporation, and mutual and/or pooled funds subject to the limitations as described under ***PORTFOLIO ASSET MIX***.

Short-term investments are considered to be a “low risk” asset class held for liquidity requirements. They may also be used for specific liability payments, as required. Normally, short-term investments are defined as any investment with an original term to maturity of less than 365 days, usually in the form of any one of the following: treasury bills, commercial paper, bankers’ acceptances, and/or a high interest rate bank account.

All fixed income securities with a remaining term to maturity of less than one year are to be considered “short-term” investments. On occasion, fixed income securities such as bonds and debentures may be considered short-term even though the term to maturity may be longer than 365 days. (This may occur if the principal reason for purchase of such a security is deemed by the Investment Manager to be of a short-term duration.)

All short-term investments are to be held in Canadian dollars. Accrued interest on fixed income securities will be considered as a short-term investment.

Equities

The Fund may invest in preferred and common shares of Canadian companies listed on a recognized Canadian or U.S. stock exchange subject to the limitations as described under ***PORTFOLIO ASSET MIX***. (Investments may also be made in various mutual and/or pooled funds with prior approval of the DFF.)

Loans, Mortgages, Advance Sites, Churches & Parsonages and Lines of Credit

The CEF may invest in loans, mortgages, church and parsonage buildings and land associated with these buildings and lines of credit which may be required by municipalities during construction phases on churches, Lutheran schools and other entities of Lutheran Church-Canada, East District, subject to the limitations as described under Asset Mix Policy of the Fund and the limitations as fully described in Appendix A.

Derivatives

The Fund will **not** invest in derivatives without the prior written approval of the BoD. (Derivatives are defined as investment transactions where the potential dollar value at risk exceeds the total dollar value of the initial investment.)

OVERALL FIXED INCOME PORTFOLIO DIRECTIONS AND RESTRICTIONS

The Investment Manager is expected to adopt the “prudent person” approach to the CEF investment portfolio in order for the Fund to meet its liabilities and expense obligations.

No investments shall be made in corporations that are directly engaged in the production and distribution of products or services that would bring disrepute to the pursuit of the primary purpose of the organization. Such unacceptable investments would include, but are not limited to, investments in corporations which produce or distribute products or services such as tobacco products, mind altering substances without prescriptions, gambling, immoral exploitation of the human body, and exploitation of the underprivileged or disabled.

To minimize credit and liquidity risk, a minimum of 80% of the fixed income assets of the CEF should be invested in “A” or higher rated securities by either the Dominion Bond Rating Service (DBRS) or an equivalent recognized independent rating agency. (Where no independent credit rating is available, the investment manager will assign a credit rating of no higher than "BBB".)

The purchase of one security or fund from a single issuer, in excess of 10% of the market value of the total invested portfolio should be avoided. In addition, in no case, can all securities or funds from a single issuer or related group of issuers exceed 15% of the market value of the portfolio. The investment manager should strive, at all times, to diversify the investment portfolio by issuer, geographic region and type of industry, where applicable. (These restrictions will not apply to Federal or Federal Guaranteed securities, Provincial or Provincial Guaranteed securities, which will be reported independently to the LCC Investment Committee.)

Variations in the minimums and maximums, as noted above, amounting to +/- 5% of the bond investments are permitted but must be reported to the BoD, or its designate, at its next meeting with the investment manager.

The Investment Manager cannot purchase any fixed income security rated below “BBB”, unless such a purchase has received the expressed consent of the BoD, or its designate. If any fixed income investment should drop below BBB, the investment manager shall inform the BoD, or its designate, or immediately dispose of the asset.

No investment can be made in securities where the principal or interest payments are in default. However, investments, which are in default, can be retained but must be reported to the DfF.

Private placements are not allowed unless such a placement has been rated by a recognized bond-rating agency. If such a rating is available, the private placement will be treated in the same way as a regular bond or debenture.

Securities of companies where there is a *known* substantial financial interest by related parties are not permitted under this Policy, unless the BoD, or its designate, has specifically approved the placement in writing. Related parties include, but are not limited to:

- any organization where a member of the BoD or the DfF holds a substantial interest,
- the Investment Management company itself,
- any organization where the Investment Management company has a substantial interest, or
- any organizations where the investment manager or the principals of the Investment Management company have a substantial financial interest.

In the case of short-term securities, the following types of short-term investments are permitted to a maximum of \$ 250,000 per issuer:

- (a) bankers acceptances or certificates of deposit from a Schedule A bank, if ratings are as described in (b) below or if the issuer is one with which the Association has a regular banking arrangement;
- (b) commercial paper not exceeding six months to maturity issued by issuers with a minimum rating of R-1 by DBRS, or an equivalent rating source.

Short-term investments in treasury bills or instruments guaranteed by the federal and provincial governments are permitted without a maximum size limit. Any exceptions to these limits must receive prior written approval from the DfF and must be reported to the BoD or it's designate at its next meeting.

INVESTMENT MANAGER AND CUSTODIAN RESPONSIBILITIES

The investment manager shall submit to a designated individual at the Lutheran Church-Canada, East District, immediate notification of all security purchases and sales.

A monthly report is to be prepared and submitted by the CEF's custodian, by mail or via electronic medium, showing all transactions that occurred that month and the current market value and par value of all securities held as of the last business day of that month.

The investment manager will be responsible to reconcile his investment reports to those maintained by the custodian, on a monthly basis.

The investment manager will submit a "Quarterly Investment Review" to the DfF each fiscal quarter, on the investment portfolio. Such a report will indicate:

- the face value, book value and market value of the investment portfolio, indicating percentage of the portfolio in bonds, stocks and short-term investment and illustrate how these holdings comply with the limits as established and approved in the Investment Policy Statement.

- the market yield, term to maturity and Macaulay duration of each security held in the fixed income portion of the portfolio.
- the percentages of fixed income assets by type and maturity/duration and how these results comply with the limits as established and approved in the Investment Policy Statement.
- a summary of the quality of the fixed income assets and how these results comply with the limits as established and approved in the Investment Policy Statement.

Further, the investment manager agrees to be available to meet with the BoD or its designate, at least quarterly, provided sufficient advance notice is given to the investment manager.

French Ministry Fund – DFO (2-2508)

Donation from Christ Risen Kanata for use in the French Ministry.

Welfare Fund - DFF (2-2510)

Established by the Board of Directors on January 4, 2001 to assist Pastors encountering large medical expenses not covered by any insurance plan.

Moving Fund - DFF (2-2515)

Congregational membership in the fund is voluntary, but in order to be fair to all, a congregation is invited to join the fund at the time it is chartered. If it chooses to join at a later date, it will be required to pay its share retroactively to either its charter date, or to 1978 when the fund began, whichever is a shorter term.

The congregation must remain in good standing by meeting their obligation to the fund. Assessment is made per communicant membership. Annually, the amount to be paid to the fund is determined by the demand made on the Fund, up to \$30,000. Failure to meet this assessment in any given year will be regarded as a forfeiture of membership and eliminates the congregation from the benefits.

Please see the “Guidelines for Moving Household and Personal Effects”.

Policy Title:	E 6 – Financial Assistance
Date of Approval:	March 23, 2015

6. FINANCIAL ASSISTANCE

6.1 POLICY

In recognition of the Lord's blessings to His church, the congregations of the East District provide funding assistance to congregations and ministries for Word and Sacraments ministry and for the maintenance and support of Gospel outreach. Financial assistance will vary depending on local circumstances, availability of funds and the like.

6.2 TYPES OF FINANCIAL ASSISTANCE

The following types of financial assistance are available to all congregations/related organizations of the East District and/or Circuits in order to initiate or conduct mission work:

6.2.1 One Time Lump-Sum Grant

Available to assist Congregations in initiating or enhancing their mission work.

6.2.2 Short-term Grants (not more than two years)

Available to Congregations and/or Circuits who are initiating Congregation/Circuit outreach endeavours (e.g., day-care for children; elder-care centres for the elderly; English as a Second Language course; etc.)

6.2.3 Longer-term Grants (up to ten years)

Available to new Congregations started by a Mother Church or a Circuit. Normally, these grants will be decreased annually by 10%, but circumstances may dictate otherwise.

6.2.4 3 year Assistance (renewable) [Please note that this replaces the former Annual requests.]

Available to Missions/Congregations/Related Organizations that may require ongoing financial assistance.

6.2.5 Congregations in Transition

A Board of Directors programme available to congregations no longer able financially to carry on its ministry. This is handled through the District President.

6.2.6 Debt Reduction Assistance

Granted annually by the DfO to an individual congregation to assist in writing down mortgages or loans. The amount allocated in the budget is currently \$20,000. See 6.2.6 (Appendix 1) for the policy.

6.2.6 (Appendix 1) - Debt Reduction Assistance

Policy For Debt Reduction Assistance

Looking at the New Testament example of caring for the brothers and sisters in need, the intent is to use these budgeted funds to care for Assisted Congregations. We recognize that, for many Assisted Congregations, mortgage payments or loans for building repairs often make balancing a budget very difficult. Many of these congregations then apply for more assistance to cover expenses.

These budgeted funds will be dispersed, at the recommendation of the DfO, with BoD approval. The intent is to choose a congregation that has such a loan or mortgage, and pay off a lump sum. Rather than spread around small payments to many different congregations, one congregation per year will be chosen. However, depending on the size of the loan and the available funds, it may be that more than one congregation receives this benefit in a given year.

The DfO will consider factors such as: size of the loan and payments in relation to overall congregation budget, and also the impact such a monthly savings would have for the saints in that location. Other assistance the congregation receives will not necessarily be a deciding factor. These funds are over and above other assistance.

These funds may also be applied to the outstanding-value balance of CEF-owned churches and parsonages. The result would be that a congregation may be able to purchase their building sooner, since the remaining amount payable to the District would be reduced. However, loan and mortgage repayments will take precedence over this value balance reduction.

From these funds the DfO may also choose one congregation and pay their rent or mortgage/loan payments for a year. However, this is not the primary intent of these funds. The primary intent is a lump-sum debt reduction.

Congregations will not need to apply for this grant nor fill out long forms. The DfO will keep an updated list of mortgages and loans that our Assisted Congregations have, as well as the purchase valuation of properties they use which are CEF-owned. From that list, the determination will be made.

As with all such measures that award funds to a recipient, the possibility of abuse or favouritism can be a risk. Working together, the DfO and BoD will make every effort to avoid the appearance of impropriety.

Approved by the Board of Directors - January 2015

6.3 CRITERIA FOR GRANTING

Our visual identity

The logo for Lutheran Church–Canada was created to provide a unique visual identity for our church. It bears a resemblance to the logo for The Lutheran Church–Missouri Synod, the mother church of LCC. Each person will see different meanings in the logo. First, it is derived from the cross – the focus of our Christian faith. Second, the three segments in three parts speak of the Holy Trinity – Father, Son and Holy Spirit. The three segments can also be symbolic of the three districts created by LCC at its founding convention. Third, one sees in the logo the letters LCC – the acronym for our Synod. With its dynamic forward motion the logo symbolizes a church which is on the move.

Every organization creates an individual visual identity which allows easy recognition by both its own members and the general public. It is important that use of this visual identity remain consistent. The following guidelines have been developed to assist Lutheran Church–Canada offices, institutions, congregations, auxiliaries and others associated with the church in maintaining a consistent visual identity for our Synod.

Our name

LUTHERAN CHURCH–CANADA

The official name of our Synod is Lutheran Church–Canada.

- the name should not be prefaced with “the”
- the official abbreviation is **LCC**
- the dash in the long-form name is not a hyphen but in typography is known as an “n” dash. On a Windows-based computer it is formed by the keystroke combination **ALT 0150**.

If the name is not composed on a computer, two hyphens can be substituted.

- when used as an official title, our name should appear in **UPPER CASE** letters in the type face **Helvetica** – medium or bold. (Other similar fonts include Arial and Swiss 721.)
- **MEDIUM** is suitable for booklets, congregational letterheads, brochures and business cards.
- **BOLD** should be used on materials which make print more difficult to read such as signs, film and reverse printing.

Our logo

- The LCC logo is a copyright mark.
- Wherever possible the logo should appear with the words

LUTHERAN CHURCH–CANADA and/or the French equivalent ÉGLISE
LUTHÉRIENNE du CANADA

- Using the logo with other words is permitted only with the approval of the Board of Directors’ Committee for Communication and Technology. Artwork should be submitted for approval before printing.
- The logo should never be used as a substitute for a “cross” symbol. It is a graphic representation of an organization, not a representation of the cross of Christ.

The logo can be used in the following colours:

A PANTONE (PMS) 293* in three screens (40% 70% 100%)

B PANTONE (PMS) 293* in solid

C BLACK in three screens (40% 70% 100%)

D BLACK in solid

E REVERSE: white on solid black or solid PMS 293 background

*This colour can be substituted with REFLEX Blue if necessary.

The logo must not appear in any other colour without the permission of the Board of Directors’ Committee for Communication and Technology.

Our Wordmark

This is the combination of logo and title created for the illuminated sign on the LCC office building in Winnipeg.

The official Wordmark places the LCC logo between the words LUTHERAN and CHURCH

6. E-Communication Tools

6.1 Websites

6.1.1 East District Website

6.1.1.1 The content put on the East District website is to be approved by the District President or his designate.

6.1.1.2 The upkeep of all the information is the responsibility of the East District staff or their designates.

6.1.2 Congregational Website

The Communications Committee will provide assistance to any congregation needing help with establishing a web site.

6.2 Social Media

Social media is one avenue by which a church, group or individual has the opportunity to show what our churches and district do and witness to their neighbours about our Saviour. It is therefore important to remember that all activity on such outlets will be judged by their representation of the church, district, synod and most importantly God.

6.3 Other Electronic Resources

6.3.1 Microsoft PowerPoint is a useful tool in many aspects. It has the ability to be integrated into the service (i.e. posting the liturgy to follow along) however can end up disruptive. Be wary that the tool does not overpower the Word being proclaimed.

6.3.1.1 PowerPoint use for *presentations* is most effective when the rule of 7 is followed: max 7 lines per slide, max 7 words per line. Use it for a guide, but do not include everything being presented; just key points. Reading off the screen should never be the option.

- 6.3.1.2 PowerPoint use within the Divine Service ought to complement the service. CPH has software called Lutheran Service Builder which can provide music with the words for hymns and liturgy. It also has record of both the 3-year and 1-year lectionary series and is customizable to that specific service.

6.4 The EN3

6.4.1 Description

- 6.4.1.1 The East District E-News is utilized for prayer requests, announcements and general notices of upcoming events, reminders, congregational anniversary notices, pastor/deacon call announcements, funeral notices. The EN3 is sent out weekly, on Tuesday, so Sunday bulletin editors will have time to include items of interest in their bulletins. The distribution list includes all church workers and subscribers. Congregation members may subscribe by email from the District website. The current list has approximately 550 subscribers.

6.4.3 Name — EN3

- 6.4.3.1 EN3 is an acronym for “Electronic News, Notices and Notes.”

7.1 *E-Meetings*

7.1.1 Definition

7.1.1.1 E-meetings include telephone conference meetings, meetings using the internet (e.g. GoToMeeting, Skype) or any other electronic communication device where some or all of the participants are not physically present in the same location. E-meetings are only valid if all the persons participating in the meeting can hear each other. Persons meeting electronically are considered present at the meeting.

7.1.2 General Policies

7.1.2.1 If at all possible, meetings should be attended in person and should be the normal way of conducting business.

7.1.2.2 The chair may call an e-meeting to deal with some routine non-controversial items of business that cannot wait until the next regular meeting, or on occasion to deal with some issue of immediate urgency where it is not practical to have an in-person meeting. In these circumstances, all the members are attending electronically.

7.1.2.3 On occasion, only certain members may be attending electronically due to distance, weather or health considerations. Members should keep these occasions to a minimum.

7.1.3 Protocol

7.1.3.1 Members should treat virtual attendance as if physically present. This means:

- the member's sole focus must be on the meeting
- confidentiality must be maintained throughout the meeting with no other family members present in the room
- dress appropriately when using internet as others will see you

- make your connections such that you are on time for the meeting

7.1.3.2 Other rules to observe:

- identify yourself when speaking so that those who can't see you know who is speaking
- tell the chairman if you are temporarily absenting yourself from the meeting and announce your return to the meeting (This also applies if you are late in joining the meeting.)
- do not carry on conversations with other members of your household during the meeting.
- since background noise can be annoying to others, consider using the "mute" function when not actually speaking

7.1.4 Other Information

The Communications Committee will provide more detailed information regarding e-meetings by way of a brochure that will be made available to members of the Board, Departments or other committees. This brochure will contain technical information useful for e-meeting participants.

8. Publications

8.1 *The EDen Report*

8.1.1 Name, Origin, Logo, Distribution

8.1.1.1 The newsletter name was selected from suggestions received from across the District. The EDen Report is based on Joshua 22:34 which reads: “And the children of Reuben and the children of Gad called the altar Ed: for it shall be a witness between us that the Lord is God.” (KJV). The letters ‘ED’ in ‘EDen’ are capitalized to reflect not only the verse above but also indicates the East District.

8.1.1.2 President Paul Zabel wrote in this first issue, “We know that the Garden of Eden into which Adam and Eve were placed after the creation of the world was a land of paradise. The origin for the Hebrew word “*Eden*” translates to “*delight*.” Our home in heaven to which we are travelling or sojourning to is also often referred to as “*paradise*” or “*Eden*.” While we are here upon this earth, sojourning to heaven, what a “*delight*” we have in witnessing to our Lord and to what He has done for us by dying on the cross to pay the price for our sins and by rising from the dead which assures us of our resurrection from the dead. May “*The EDen Report*,” also serve to help inform us and others of how we, together as churches of the East District, are united in worshipping, serving, and witnessing to our Lord and our God—that God who has created us, who has redeemed us from our sin, and who has sanctified us to be His own.”

8.1.1.3 The newsletter is produced every two months alternating with The Canadian Lutheran: **Feb/Mar, Apr/May, Jun/Jul, Aug/Sep, Oct/Nov, and Dec/Jan.**

8.1.1.4 One printed copy is mailed to each East District congregation. Any congregation unable to make their own copies may request multiple copies be printed by the District office and mailed to them.

8.2.2.3 Each District makes arrangements for their editor’s honourarium. Each District is also invoiced by Synod to cover a share of publishing costs of the magazine.

8.2.2.4 Additional District editor detail in “**Guidelines for District Section Editors.**” (see appendix)

8.2.3 Submissions & Schedule
